

# Gardening for Ghana!

The B.S.S. service project for January will benefit our mission partner, the St. Theresa Education Center in Wa, Ghana, by providing garden tools that will help their citizens grow food and become more self-sufficient. The parish's Mission Partnership Team has come up with a list of equipment necessary, and along with our Church family, we will attempt to provide funding for the necessary tools to help St. Theresa's with their gardening project. In addition to the list below, we would like to provide funds for a small tractor and for shipping costs.

As we focus on charity this year, we want our students to be active participants in this project. We suggest that the students do a work of charity at home in exchange for a donation that they might make to the project. As a visual for the students, we would like to fill 2-liter bottles with dimes to help them see their donations grow. (Of course, any denomination of money will work, and we'll exchange them for dimes.) Thanks, in advance, for your generosity!

## Watch Our Love Grow!!

	<b>The Goal at B.S.S.</b>	
Kindergarten	25 Shovels	\$325
1 <sup>st</sup> Grade	25 Shovels	\$325
2 <sup>nd</sup> Grade	20 Rakes/10 Hoes	\$320
3 <sup>rd</sup> Grade	1 Tiller	\$300
4 <sup>th</sup> Grade	10 Picks/5 Pitchforks	\$295
5 <sup>th</sup> Grade	20 Hoes/3 Wheel Barrows	\$270
6 <sup>th</sup> Grade	1 Chain Saw	\$400
7 <sup>th</sup> Grade	1 Chain Saw	\$400
8 <sup>th</sup> Grade	1 Tiller	\$300
